Mayor Isley called the work session to order.

The purpose of the work session was to discuss all the various projects we as a city could do if the necessary funds were available.

David Jones passed out a list of potential goals/objectives/priorities for thought and consideration. He also passed out a list of the top 10 concerns listed by our citizens as a result of the questionnaire from the town hall meeting held on April 23, 2009.

There was a great deal of discussion about different projects, especially a sports complex.

The work session ended with Mayor Isley passing out a request to each councilor asking for them to list the top five projects they felt the City should accomplish by June 2012 and to list them in priority order.

The work session was adjourned at approx. 4:15pm.

Attest:

Brenda Roberts, City Clerk
Helen Williams
